Specialised fixings for mounting brackets will be required in certain situations and are not provided as standard. • Steel items are not recommended for damp conditions such as shower rooms.
Crystal finials and acrylic poles should not be positioned in direct sunlight, and are not suitable for use in conservatories. • Brass items are supplied unlacquered and will tarnish over time.

The Bradley Collection reserves the right to modify design and materials without prior notice as part of a process of continual product improvement.
Due to printing limitations, colours in this brochure may not be accurate.

Products are protected by Design Rights, under provisions of Copyright, Designs & Patents Act 1988.

elysian collection

elysian bridges the gap between two very different aesthetics, combining pared down modernist style with decorative sensibility.

offered in an inspirational palette of solid and metallic finishes, elysian is designed to perform in residential, hospitality and contract settings. the collection steps beyond functionality and elevates the traditional drapery system into a high-end design statement.

the collection is available in three diameters and poles are available for straight or bay windows with a passing system to cope with most installations. rings are lined for smooth operation.

the system can be specified in 16 contemporary finishes and eight different finial designs, to complement any modern interior design scheme.
