FINISHES

Systems may be specified in a choice of 100+ standard colours and topcoats. These range from solid powder coats to luxurious fluid metal finishes.

LENGTH

Systems can be supplied to any length[Ⓜ], subject to maximum weight loadings of the selected motor and track.

BENT TO SHAPE

A bespoke bay bending service is available on all diameters to allow the perfect shaped pole to fit any bay window.

FUNCTION

A range of bracket options has been designed to ensure simple installation, including flush fit ceiling brackets.

MODERN HEADINGS

The choice of motor systems means that modern headings can be accommodated, with both Wave[®] and Ripplefold[®] styles available.

CUSTOM

Special projection brackets, brackets for tricky installations and pole covers to suit other motorised hardware brands can all be accommodated on a custom basis

[Ⓜ] Supplied in sections - Maximum section lengths apply, see specification guide.

⚡ | ECLIPSE

Peerless and opulent, this collection truly has no rival. A rare, luxurious aesthetic and freedom of expression in design are balanced with the final word in functionality and control.

Single poles. Double poles. Every heading type. All the leading motor brands.

The world's finest.

SCALE

Eclipse poles are available in two pole diameters, Ø38mm (1½") • 50mm (2"). Finial designs are carefully scaled to maintain the system aesthetic.

DETAILING

The secret of any design is in the detail. Eclipse now includes a complementary finish to nylon end housings, for a harmonious tonal effect.

For more information on Eclipse please visit - www.bradleycollection.com/eclipse/

⚡ | ECLIPSE WOOD

Wooden poles re-imagined for the modern age. Solid, natural wood covers conceal state of the art electric track systems.

A stunning aesthetic and smart living combined.

MATERIALS

Eclipse Wood is available in a selection of fine woods, presented in a contemporary low sheen finish.

DETAILING

The secret of any design is in the detail. Eclipse Wood includes join covers and complementary finish to nylon end housings, for a harmonious tonal effect.

For more information on Eclipse Wood please visit - www.bradleycollection.com/eclipse-wood/

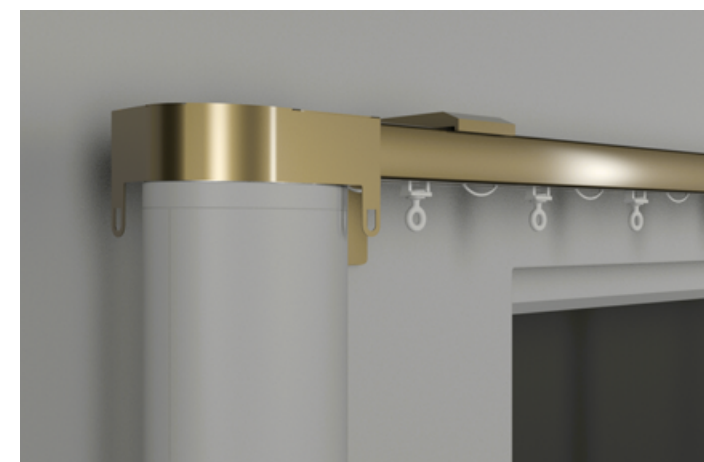

⚡ | LINEAR

Linear transforms a mundane but functional electric track into a high end design statement. Available in a wide range of coated finishes, with metal end housing covers and superior bracket styling. Smart tech meets sharp design.

FUNCTION

Superb wall brackets may be specified in a matching coated finish and incorporating signature Bradley details such as magnetic cover plates.

DETAILING

Nylon end housings are painted in a complementary colour and then concealed within shaped metal covers, coated to match the track exactly.

For more information on Linear please visit - www.bradleycollection.com/linear/

⚡ | EDGE

This collection has an architectural purity. Electric track systems are housed within a decorative cover, while Edge brackets act as finials and provide a structured, return to wall detail for drapes.

A simple, integrated aesthetic for a sophisticated electric curtain pole.

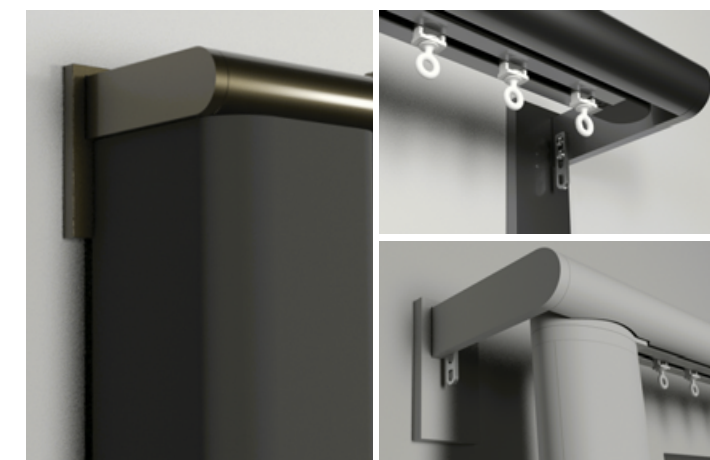

MINIMAL AESTHETIC

Edge is the epitome of understatement, being sleek, discreet and integrated.

Available in two pole diameters, Ø38mm (1½") • 50mm (2").

DETAILING

The unique Edge bracket design gives a structured return to the wall for drapes and incorporates an adjustable return-to-wall hook eye.

For more information on Edge please visit - www.bradleycollection.com/edge/

⚡ | CURVE

Curve is the solution for an electric decorative pole in a continuous curve window. The coated track sits discreetly behind the curving fascia pole, with track, fascia pole and components coated in matching or complementary colours.

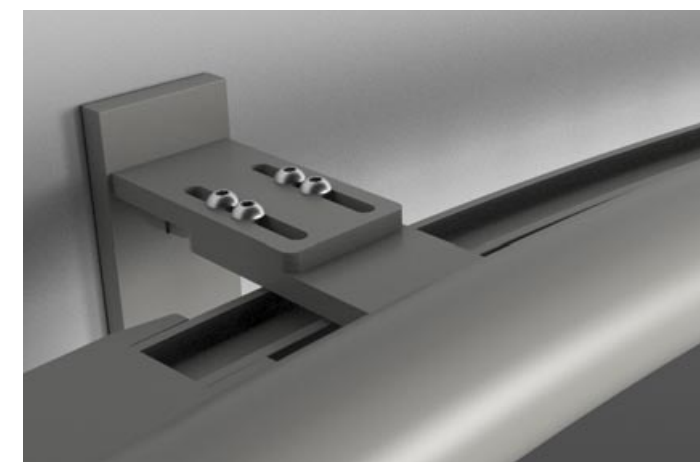

CURVES

The solution for curving bay windows, with both track and fascia pole precisely shaped to work harmoniously together.

FIT

To ensure the perfect fit, adjustable brackets with magnetic cover plates are supplied as standard.

For more information on Curve please visit - www.bradleycollection.com/curve/
